

WOA 2023 E-Posters

BASIC SCIENCE

317 - Non-Inferiority Mechanical Analysis of a Low-Cost, All-Suture Anchor System
Natalia McIver, University of New Mexico

FOOT & ANKLE

337 - Quality and Readability Analysis of Online Internet Information on MTP Joint Fusion
Hamza M. Raja, BS, University of Texas Medical Branch at Galveston

HAND & WRIST

64 - How Representative Are Our Clinical Practice Guidelines? A Review of the Participants and PROMs Used to Inform Guidelines for Distal Radius Fractures
Lauren A. Shapiro, MD, MS, University of California, San Francisco

31 - How do Delays in Surgical Treatment Impact Clinical and Radiographic Outcomes in Patients with Distal Radius Fractures? A Systematic Literature Review
Jeffrey Kwong, University of California, San Francisco

189 - Where are Carpal Tunnel Release Surgeries Being Performed? An Assessment of Medicare Data from 2010-2019
Jack Haglin, MD, MS, Mayo Clinic

OTHER

18 - Evaluating the Cross-Cultural Adaptability of Patient Reported Outcome Measures (PROMs) for Upper Extremity Conditions in Costa Rica: A Qualitative Study
Lauren A. Shapiro, MD, MS, University of California, San Francisco

137 - Are There Difference Between Men And Women Regarding Attitudes Surrounding Parental Leave Policies
Carol Lee, MD, Cedars-Sinai Medical Center

184 - Accelerometer-Based Navigation Provides Reliable Results in Unicompartmental Knee Arthroplasty
Jeremiah Taylor, BS, University of California, Los Angeles

367 - Impact of Sociocultural Factors on Medical Students' Perception of Orthopaedics
Jose Jesurajan, MD, Loma Linda Medical Center Orthopaedic Surgery

PEDIATRICS

84 - Applications of Artificial Intelligence and Machine Learning in Pediatric Orthopaedics

Aaron Hui, BS, Albert Einstein College of Medicine; Orthopaedic Biomechanics Laboratory, Congress Medical Foundation

295 - Type VII Tibial Tubercle Fractures are Different from Osgood Schlatter Syndrome and Tibial Tubercle Physeal Fractures

James G. Gamble, MD, PhD, Stanford University Medical Center

PRACTICE MANAGEMENT/EDUCATION

117 - Harms Reporting in Clinical Practice Guidelines for Distal Radius Fractures

Ashley A. Thompson, BS, University of Southern California

193 - Return to Sport Criteria Following Shoulder Arthroplasty: A Scoping Review

Ashley A. Thompson, BS, University of Southern California

196 - Evaluation of Spin in Literature Regarding Ulnar Collateral Ligament Reconstruction

Ashley A. Thompson, BS, University of Southern California

SHOULDER & ELBOW

23 - Percentage of Glenoid Bone Loss Predictive of Recurrent Shoulder Instability

Jonathan C. Horng, MD, University of Hawaii

341 - Top 100 Orthopedic Hospitals TSA Online Patient Educational Materials' Readability

Joshua Langberg, BA, Cedars-Sinai Medical Center

343 - Accuracy of Machine Learning to Predict TSA Outcomes: Systematic Review

Joshua Langberg, BA, Cedars-Sinai Medical Center

SPINE

255 - Postoperative Complications in Sickle Cell Disease Patients Undergoing Lumbar Fusion

Andy Ton, BS, USC Keck School of Medicine

187 - Navigation Trends in Lumbar Spine Surgery

Tara Shelby, BS, USC Keck School of Medicine

215 - Systematic Review: Osteoporosis and Complications in Cervical Degenerative Disease Surgery

Elizabeth Lechtholz-Zey, USC Keck School of Medicine

344 - Anterior Odontoid Screw Fixation Failure Rate and Risk Factors

Yichen Fan, BS, Oregon Health & Science University

SPORTS MEDICINE

22 - Early Complication Rates after Isolated Cartilage Repair vs. Concomitant Cartilage Repair + Osteotomy of the Knee

Dean Wang, MD, University of California Irvine

228 - A Systematic Review of Non-Tuberculous Mycobacterium Infection following Anterior Cruciate Ligament Reconstruction

John Heifner, MD, MS, The Hand Institute

338 - Patient Reported Outcomes and Return to Work Status after Autologous Cell Therapy in a Workers' Compensation Population

John G. Lane, MD

TOTAL HIP

98 - Multi-Center Outcomes Using a Porous-coated Acetabular Component in Primary THA

Andrew I. Spitzer, MD, Cedars-Sinai Orthopaedic Center

99 - Accuracy of Preoperative Digital Templating Using TraumaCad in Primary THA

Andrew I. Spitzer, MD, Cedars-Sinai Orthopaedic Center

216 - Surgical Management of Metallosis in Patients with Primary Modular Neck Femoral Components

Sean S. Rajaei, MD, MS, Cedars-Sinai Medical Center

292 - Increased Complications for Underweight Patients after Total Hip Arthroplasty

Ryland P. Kagan, MD, Oregon Health & Science University

297 - Assessing Pelvic Tilt in Patients Undergoing Total Hip Arthroplasty Using Sensor Technology

Abhinav K. Sharma, MD, University of California, Irvine

TOTAL KNEE

26 - Multi-Directional Instability Associated with Metal-Ion Allergies Mimicking Periprosthetic Joint Infections

Gerhard E. Maale, MD, Dallas Ft. Worth Sarcoma Group/Medical City Plano

128 - *Sean S. Rajaei, MD, MS, Cedars-Sinai Medical Center*

Sean S. Rajaei, MD, MS, Cedars-Sinai Medical Center

160 - Therapeutic Arthrocentesis in Individuals with Knee Osteoarthritis or TKA

Michael R. Dayton, MD, University of Colorado Anschutz Medical Campus

311- Robot Assisted Total Knee Arthroplasty: Comparing Complications, Costs and Pain

Johnston Norton, BS, University of Texas Southwestern Medical Center

355 - Implications of Preoperative Balance and Pain on Outcomes after TKA
Jonathan Lee, BA, Stanford University School of Medicine

78 - Is Younger Age a Risk Factor for Failure following Aseptic Revision Total Knee Arthroplasty?
Jaewon Yang, MD, University of Washington

158 - Neuromuscular Electrical Stimulation and Blood Flow Restriction: Total Knee Arthroplasty
Michael R. Dayton, MD, University of Colorado Anschutz Medical Campus

TRAUMA

162 - Tension Plating with Cephalomedullary Nailing for Proximal Femur Nonunions
Kevin Huang, MS, Cedars Sinai Medical Center

85 - Arthroplasty ± Internal Fixation for Elderly Acetabular Fractures is Increasing
Julian Wier, BS, Keck School of Medicine

58 - Association of Opioid Use Disorder with Perioperative Pain After Intramedullary Nailing
William Curtis, MD, University of New Mexico

199 - Combined Locking Attachment Washer (LAW) with Retrograde Intramedullary Nail for the Treatment of Distal Femoral Fractures
Garrett K. Berger, MD, PharmD, University of California, San Diego

385 - Efficacy of Intravenous Acetaminophen in Postoperative Geriatric Hip Fracture Patients
William H. Young, MD, UT Health San Antonio

TUMOR

87 - Decreasing Trend in Upper Extremity Surfing Injuries Presenting to U.S. Emergency Departments – A 20-Year Analysis
Morgan Hasegawa, MD, University of Hawai'i

251 - Patient-Reported Outcome Measure Preference in Proximal Humerus Fracture Patients
Lawrence Goodnough, MD, Stanford University
