Dear Colleagues,

As President of Western Orthopaedic Association, I would like to invite you and your family to join us at the beautiful lakefront Coeur d’Alene Resort in Coeur d’Alene, Idaho for the 87th WOA Annual Meeting.

Coeur d’Alene Resort has year-round activities with its spectacular setting on the shore of one of America’s most beautiful lakes. With luxurious accommodations, wonderful cuisine, and great golf, including the world’s only floating green, the resort continues to be the destination of choice.

The WOA stands for academic excellence with this year’s Scientific Program led by Justin Haller, MD and John A. Scolaro, MD, and will include the latest information across all orthopaedic subspecialties. Symposia will include topics like surviving weekend calls, spine surgery, hand, sports medicine, sarcoma and more. The WOA Annual Meeting has become one of the top venues for trainees and junior faculty to present their research, while getting feedback from senior faculty.

Come Join the Fun at the Annual Meeting

The WOA Annual Meeting will be held August 2-5, 2023, at the Coeur d’Alene Resort in Coeur d’Alene, Idaho. Visit www.woa-assn.org to view the Preliminary Program, which includes the complete Meeting information along with tour/activities and prices.

There is something magical about a visit to The Coeur d’Alene Resort. With idyllic landscape, year-round activities, and its spectacular setting at the shore of one of America’s most beautiful lakes, it is no wonder Lake Coeur d’Alene has been christened the “Playground of the Northwest.”

With luxurious accommodations, rejuvenating spa treatments, sumptuous cuisine, and world-class golf, which includes the world’s only floating green, this four-star resort continues to be the destination of choice for discerning travelers worldwide.

Tours and activities being planned for all to enjoy during the Meeting include a glass art making class, scenic lake cruise, master class of wines with food pairings, a water park and lake fishing. The Meeting will kick off

The WOA Mission

The Mission of the Western Orthopaedic Association is to promote high-quality ethical care for musculoskeletal patients in the western region of the United States by providing educational programs, fostering collegiality and supporting professional development among its members and physicians-in-training, and by influencing health care policy.
2023 Program Chair Message

As summer approaches, we are getting more and more excited for the upcoming Annual Meeting of the Western Orthopaedic Association in Coeur d’Alene, Idaho. As the meeting transitions to the beautiful pacific northwest this year, the Program Committee has combined an engaging Scientific Program with a wonderful, family-friendly Social Program to maximize both learning and fun.

As always, we have a comprehensive Scientific Program planned to cover every area of orthopaedic surgery, as well as focus on everyday surgical practice. The Committee has reviewed almost 400 abstracts to arrange a great variety of symposia, posters and rapid-fire sessions. New offerings this year include an Innovation Competition and an Early Career Practitioner Symposium.

Complementing the Scientific Program is a fun and laid-back Social Program that the entire family can enjoy. Among the many activities planned this year are a trip to a local amusement park, a lake fishing trip, and a brewery and wine tour to go along with the annual golf tournament at the famous Coeur d’Alene Resort Golf Course.

The Western Orthopaedic Association’s Board of Directors as well as members of the planning committees look forward to seeing you at this year’s Annual Meeting!

President’s Diversity Panel

President's Diversity Panel

Join us for this special session on Thursday, August 3, from 12:00 pm to 12:45 pm!

Moderated by
Ramon L. Jimenez, MD
American Association of Latino Orthopaedic Surgeons (AALOS)
Past President, Western Orthopaedic Association
Member at Large, Western Orthopaedic Foundation

Dr. Ramon L. Jimenez, MD will lead a Diversity Panel as the WOA 2023 Presidential Guest Speaker. He is a second-generation Mexican American orthopaedic surgeon from Monterey, California. He is a champion of diversity in orthopaedics and has been a role model and mentor to Latinos and other minorities. Dr. Jimenez is only the second person in the history of the AAOS to receive both the Tipton Leadership and the Diversity awards.

Dr. Jimenez's parents instilled in him the importance of working hard, receiving a good education, and assimilating while remaining true to his culture. He has a career-long history of leadership focused on giving back to his profession, his heritage, and the community. He has worked diligently to advance important causes and initiatives that benefit his patients, colleagues, and the profession, including his commitment to identifying and training the next generation of orthopaedic physician leaders.

Dr. Jimenez has been involved with the AAOS at many levels, including the Board of Directors, Board of Councilors, Leadership Fellows program, patient and public education, physician-patient communications, and the U.S. Bone and Joint Initiative. He is also a founding member and serves as president of the American Association of Latino Orthopaedic Surgeons, which mentors young Latinos to a career opportunity in orthopaedics. He is a Past President of WOA and a Member at Large for the Western Orthopaedic Foundation (WOA).

In addition to his work in orthopaedics, Dr. Jimenez has become very involved with The Foundation for Hispanic Education, which oversees three local charter high schools and provides education and resources to support English language learners and educators.

Howard Steel Lecturer

Jean C. Dodson Peterson, PhD
Founding Chair, Department of Viticulture and Enology

The WOA is pleased to have Jean C. Dodson Peterson, PhD, as the Howard Steel Lecturer for our 87th Annual Meeting. She is the Founding Department Chair for Washington State University's Department of Viticulture and Enology.

Prior to coming to WSU, she was an Associate Professor of Viticulture at California Polytechnic State University, San Luis Obispo. She earned her undergraduate degree from the University of California, Davis in Viticulture and Enology with a minor in Managerial Economics. She continued at UC Davis, earning her MS and PhD in Horticulture and Agronomy. During her time at Cal Poly, she taught Basic Viticulture, the Advanced Viticulture Series, Advanced Independent Study, Senior Project Research and Thesis courses.

She has been awarded the Panhellenic Award for Excellence in Education and is twice the recipient of the Terrance Harris Award for Excellence in Mentorship. She also earned her Certification in Effective College Instruction from the Association of College and University Educators and the American Council on Education.

Her research program strives to advance the understanding of grapevine physiology, rootstock-scion interactions, rootstock selection and vine performance factors. Her research mission is to execute innovative and inspiring research that advances the wine and viticulture industry and scientific community. In her role as Founding Department Chair for Viticulture and Enology at WSU, her focus is centered on creating a dynamic and wholistic learning experience for the students and to facilitate shaping the new V&E Department to benefit the state of Washington and its wine industry.
